- NOTES:**
- 1) A benefit period begins the day you go to a hospital or skilled nursing facility. The benefit period ends when you have not received hospital or skilled nursing care for 60 days in a row. If you go into the hospital after one benefit period has ended, a new benefit period begins. You must pay the inpatient hospital copay for each benefit period. There is no limit to the number of benefit periods you can have.
 - 2) Timely Filing Default has been set at 15 months from date of service. If a claim hits for timely filing, it is a manual process to review the CMS filing guidelines to determine if the claim was submitted w/in the filing limit based upon it's earliest date of service. You may also need to review claims history to see if the claim was previously submitted w/in the filing limits.
 - 3) The system is set to zero pricing for Ambulance claims. It is a manual process to calculate payment for these claims.
 - 4) If the claim displays a warning message indicating that HPSA bonus may apply, it is a manual process to apply the bonus to the final payment amount.
 - 5) Carrier Discretion codes will pay the CMS rate where available. If no CMS rate will be manually priced at the carrier rate. If no CMS or Carrier rate will be manually priced at 50% of charges. Directive from Dr. Cairl on 12.15.08 claims call. Clinical edits take precedence over pricing rule. Approval from Dr. Cairl on 01.06.09 benefit grid call.
 - 6) Unlisted codes will pay the CMS rate where available. If no CMS rate will be manually priced at the carrier rate. If no CMS or Carrier rate will be manually priced at 50% of charges. Directive from Dr. Cairl on 12.15.08 claims call. Clinical edits take precedence over pricing rule. Approval from Dr. Cairl on 01.06.09 benefit grid call.
 - 7) There are no authorization requirements since this is a PFFS plan.

8) Bad Debt will be paid at 70% of charge for providers who can prove they have not received payment from member in 120 days.

9) Clinical Trials will not be paid unless forced by CMS.

10) There will be no stacked copays. Only the higher copay per day per provider will be assessed. Applicable co-ins still applies.

11) For procedures that have global, technical, and professional components, if the benefit calls for a copay, it will be applied on either the global or technical portion of the charge. It will not be applied on the professional component (procedure billed with 26 mod). If the benefit calls for co-ins it will be applied on all portions of the charge.
